Getting to MoonBass...

The map starts at Moss Vale, which is easy to get to via the Hume Freeway. Head towards Canberra (M5) and take the Moss Vale exit after Bowral. This route leads into Moss Vale from BELOW (SW) - marked on the map with a yellow/red arrow.

Upon reaching Moss Vale, head NORTH (toward Mittagong/Bowral) until the roundabout, where you should TURN RIGHT into ROUTE 48, the Illawarra Highway. (Towards Kangaroo Valley).

After ~ 5km, there is a turn-off to the right, which is marked with a sign like this. There is also a (brown) sign, indicating tourist drive No. 15

TURN RIGHT HERE.

After ~1km, this stretch of road ends at a T-junction. Across the road is a cluster of signs. Among them are the two illustrated here.

Again, you should TURN RIGHT HERE.

(The tourist drive, & route 79 continue to the left)

Continue towards Bundanoon for 1 km. As you come up a slight rise, there will be a turn-off to the left. (It is the first on your left since the T-junction). On the hill above the turn-off, there is a sign saying 'KAHLIA STUD FARM'

3km down from the turn-off, the road becomes unsealed. Following this road, you should cross 2 small bridges

There is a Y-junction in the road here. TAKE THE LEFT BRANCH and continue on for 3 more km. Here, there will be clear signs letting you know you've made it
